

Safe Touch

Do you know what
safe touch is?

Can you draw
or write down
some safe
touches?

A large white circle is divided into eight equal segments by black lines. In the center of the circle is a blue speech bubble containing the text 'Can you draw or write down some safe touches?'. The background is a solid purple color with three blue arrows pointing towards the central circle and some black ink splatters.

Safe Touch

Discuss the word safe touch
and what it means.

Give examples if needed.

Discuss what we must do if someone
touches us and it is not a safe touch.
