

Where I Feel Safe

This is where I feel most safe...

If you don't have a safe space could you try the following?

Bedroom

Garden Shed

Treehouse

Neighbour

Under the bed

GARAGE

Friend's House

If none of these work for you, can you think what may work?

Where I Feel Safe

Children can draw, write or talk about their safe place.

Why would you need to use a safe space in your home?
